VOLTRUCK MIDAC  
INDUSTRIAL BATTERIES

# **VOLTRUCK** MÉXICO & USA

Voltruck is Mexican & USA company specialized in assembling and commercializing custom batteries and chargers for electric forklifts, according to the needs of our customers in Mexico and USA.

With the best Quality-Price ratio in the market, we stand out for the most complete team of specialized technicians.

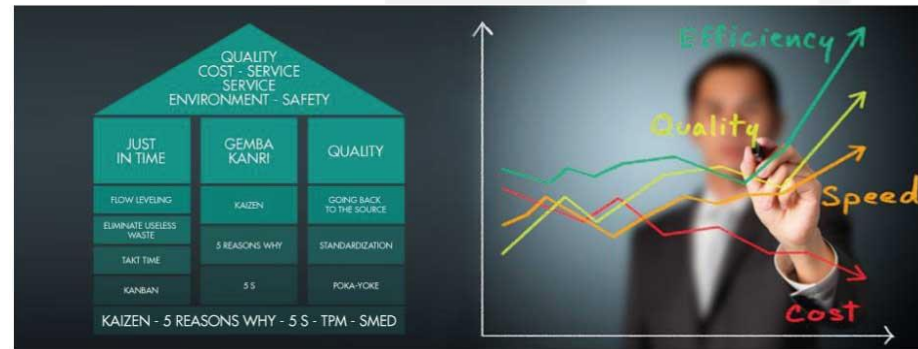

## MISIÓN **VOLTRUCK**

To be recognized by our North American clients as the best battery supply alternative, in terms of technology, efficiency and post-sale support.

Midac is the 2nd largest supplier of Batteries in Europe with a Plant in Verona, Italy with more than 30 years of experience, manufacturing all types of batteries and cells for all types of electric vehicles

Quality and innovation distinguishes MIDAC with high production standards such as Just In Time, Kanban, Kaizen, Poka Yoke and 5's. Always at the forefront with Lean Manufacturing to improve all processes

# MIDAC CERTIFICATIONS

- Quality International Certifications and Standards: ISO 9001:2008, ISO/TS 16949:2009, ISO 14001:2004, BS OHSAS 18001:2007, SA 8000:2008.

- MIDAC Green Batteries Production uses clean energy produced by its photovoltaic system, reducing emissions by 945 tons of CO2 each year

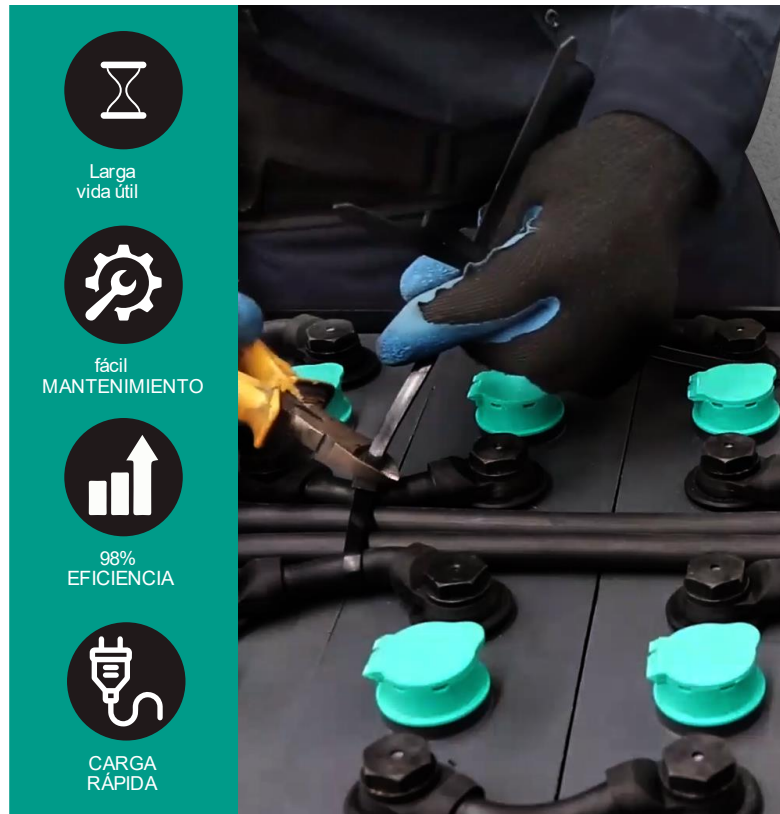

# VOLTRUCK MIDAC

## Tubular Batteries

- 30 years of experience on Tubular Cells & Batteries Production.
- Tubular Batteries compatible with all Electric Forklift Brands.
- Positive Tubular Plates with higher performance and efficiency, for more productivity on Forklift fleet operations.
- Bolted Inter-Cell and end Cable Connectors
- Warranty: 5 years.
- Post Sale Service and Support.

# WHY CHOOSE **VOLTRUCK** TUBULAR BATTERIES?

- Voltruck Versatility and Flexibility: custom-made batteries for your electric equipment.
- Tubular Positive Plates Batteries with more electrolyte contact surface: better performance vs flat plates batteries.
- Increase productivity and efficiency with Tubular Batteries
- Peak performance during all cycle.
- 5 years Warranty.
- Opportunity charge approved.
- Save time and \$ with Voltruck Bolted Inter-Cell & End cable connectors for easy service vs traditional welded connectors.
- Custom made Covers, Trays, Weight (Optional plastified corrosion resistant).
- Voltruck Best Prices on Tubular Batteries vs other brands.

# VOLTRUCK LITHIUM BATTERIES

## BENEFITS

- Voltruck full knowledge and control over all components.
- Voltruck Fast Support and Post-Sale Service.
- 8 years Warranty
- 8-10 years Lifespan.
- Fast charging in 1 - 2 hours, with opportunity charging during breaks.
- 100% free maintenance.
- One battery per equipment, always installed on your equipment for opportunity charging.
- Eliminate battery room and spare batteries,
- Chargers at strategic operation areas.
- Zero emissions.
